FRD: Trendline Toggle

QuestionPro

Problem Statement

If a user wants to add trendline to his/her line chart, they can easily do so, but if the line chart has multiple lines, by default,multiple trendlines are created. This makes the whole chart extremely confusing to look at.

User Stories

- As A XA user who has multiple lines in a line chart
- I want the option to view trendlines of only a few lines
- So that they chart is easy to read and understand.
